Chester M. Hall, who has held the position of stationary engineer in the local shops for two years, resigned yesterday and will leave this week for Spatta, Kan.

Killed by Train.

Dave Scott received a message Tuesday afternoon stating that his brother John S. Scott, a farmer of Lexington had been killed by train No. 6 that morning while crossing the tracks with a disc harrow and several horses. The equines were crushed and torn to pieces and several parts of the engine broken. Injuries on the head caused Mr. Scott's death instantly. Among the relatives who went down to Lexington from this city were his sister Mrs. Osterhout, brother Dave Scott and wife, nieces Mesdames Henry Shaw, Verne Smith and Miss Nancy Osterhout.

Frank Chorpensing Slopes.

Addressing a letter to his wife and enclosing a check for eight hundred dollars, Frank Chorpensing took French leave of his family Monday night, indicating that the Pacific coast would be his point of destination. Why Chorpensing decided to take this action is not known, as it is understood that his relations with his wife and four children had been pleasant and agreeable. Recently Chorpensing sold his interest in the North Platte garage to his partner Mr. Davis, he paid notes which the banks held against him, and had quite a sum of money left. The house in which the family live was purchased through the building and loan association and there is therefore an equity in it which Chorpensing informally transferred to his wife. The father of Chorpensing came up from Cozad Wednesday to investigate matters.

The Trade Excursion.

Practically everything is in shape for the trip of the North Platte boosters to Mitchell and return, which will be made on Wednesday and Thursday of next week. In addition to the local business and professional men, there will be representatives from Brady, Hershey and Sutherland, which will swell the number to nearly one hundred. Nearly all the local business men have secured souvenirs which they will distribute to the people at the points visited. The band has received new music which will be rendered on the trip, this feature adding much to the trip, as the band will give a concert at each stop made.

The committee has devoted much time to the details of the trip, and the comfort and convenience of the excursionists is assured.

The special train will leave this terminal at seven o'clock Wednesday morning and making stops at all towns, will reach Sidney late in the evening. They will remain in Sidney a couple of hours and then leave over the Burlington for Mitchell, where the night will be spent. Early the next morning the train will start down the valley, stopping at Minatare and Bayard, and upon reaching Northport a transfer will be made to the Union Pacific north river line. Coming down the valley stops will be made at Lisco, Broadwater, Oshkosh, Lewellen, Keystone and Sargent, the train arriving here late Thursday evening.

Word has been received from a number of points that the people are planning to give the North Platte boosters a warm reception.

Special Announcement.

Hereafter at the Presbyterian church, the Sunday school will meet at 10 o'clock on Sabbath morning. The morning service of public worship will be at 11 o'clock, and will occupy an hour and a quarter. It is thought that this will be more convenient for most of our people, as all can be at home for dinner not later than 12:30. The choir is doing good work and we expect to have fine music at all services. The outlook is full of promise and we expect to render, through our church, useful service to the moral and spiritual life of our city during the coming months. On Sabbath morning the Pastor speaks on "The Light of World". The evening service at 8:00 o'clock the theme will be "The Way to the City Beautiful."

Our services are simple, dignified and democratic in spirit, and worshipful. A cordial invitation is given to all who desire to worship with us. PASTOR.

Jensen & Larsen have on exhibition at their place of business an old "pepperbox" revolver which is something of a curiosity. A friend of their's while breaking some raw land on a claim west of North Platte plowed it up. It was covered with rust and other evidences of age. However, after it had been burled up a little the date "1845" was found on the gun. It is supposed that the weapon figured in some of the Indian wars of early date; or it may have belonged to some "Ber" who gave up his life in struggling toward the land of gold—Grand Island Independent.

H. G. McGinty, formerly in the real estate business here and who has been residing in Lincoln since April, came here yesterday to spend a week on business.

"Spike" Fleishman, the treasured bull terrier belonging to Harry Fleishman was killed Tuesday afternoon by an automobile.

Fall Announcement.

We take pleasure in announce to the public that our enormous stock for the fall and winter of 1911-1912 in all the lines we carry has arrived and is now ready for your inspection. Never in the past twenty years have we had such a fine selection of up-to-date merchandise, nor have we been so well equipped to give you prompt and satisfactory service, the re-arrangement of our store has given better light and we have added additional competent sales people to our force.

Cloaks, Suits, Dresses and Skirts.

We are certainly showing the finest line of these garments ever brought to North Platte. No two alike. We have been fortunate in securing a competent saleslady to wait on customers and we also have a competent lady to make alterations and insure a fit for each buyer, where alterations are needed. These alterations are made free of charge. If the garment is not satisfactory you need not take it. Our ready-to-wear department is the strong feature of our store and is the equal of any found in cities of 100,000 population. We are now provided with pleasant quarters for this department, where all the conveniences can be had. It matters not what size you are looking for, we have the garments to fit you. As for prices, we are not to be undersold; we will compete with any catalogue house in the country, quality and style considered.

Dress Goods and Silks.

The latest novelties for this season are the mixtures; no two dress patterns alike. We are not showing one or two patterns, but we have a great variety from which to make selections. We cannot tell you of all the nice things we have—Come in and see them. Yours for great values and courteous treatment.
